

Imagine Learning International

Education solutions for PreK–12 students

Imagine a world where classrooms have no boundaries — a world that empowers educators, engages students, and connects families

About Imagine Learning:

Every classroom, every student is bursting with potential. That's why Imagine Learning creates equitable PreK–12 education solutions that transform what's possible for educators and students worldwide. Our forward-thinking solutions empower and connect learners to places, cultures, and perspectives from around the world. **Imagine Learning. Empower potential.**

IMAGINE LEARNING WORLDWIDE

60

Serving 60 countries around the globe

60+

Native support for over 60 languages

150k+

More than 150,000 licensed, accredited teachers

Dedicated Global Partners

Imagine Learning has established partnerships with trusted local representatives around the world who know your greatest learning needs. Contact us at international.imaginelearning.com to find an authorized Imagine Learning partner in your region.

ELA

Grades 6–12

StudySync® Global ELA

GLOBAL
studysync®

Comprehensive ELA curriculum for grades 6–12

- **Award-winning ELA curriculum:** designed for international secondary school classrooms, StudySync Global has earned accolades for its excellence
- **Diverse literature resources:** access a rich library of classic and contemporary, fiction and non-fiction texts that reflect cultural diversity and cater to various interests
- **Flexible delivery options:** benefit from both print and digital resources to accommodate different learning preferences and environments
- **Explicit writing instruction:** empower students with step-by-step guidance through the writing process, from planning to publishing
- **ELL skill lessons:** focus on explicit vocabulary instruction, language acquisition, and reading comprehension to support English language learners
- **Embedded scaffolds:** automatically tailored support for each learner, ensuring every student receives the appropriate assistance
- **Comprehensive assessment tools:** monitor progress and evaluate students with self, peer, and teacher assessments, offering a variety of short- and long-cycle options
- **Engagement opportunities:** foster engagement through peer review platforms, providing an authentic audience and immediate feedback for student writing
- **Daily skill lessons:** develop foundational language and comprehension skills, as well as reading, writing, and research inquiry skills through daily lessons
- **Curricular options:** choose from thematic units, novel studies, or create custom units to tailor the curriculum to your specific educational needs

Grades PreK–6

Imagine Language & Literacy®

Adaptive learning that accelerates reading and language proficiency

Designed to supplement core literacy instruction for students in grades PreK–6, Imagine Language & Literacy provides instruction and practice in all four domains of language — reading, writing, listening, and speaking. Individualized learning sequences adjust dynamically to maximize students’ engagement and progress.

WHY STUDENTS LOVE IT:

- Game-like learning environment with a built-in motivation system
- Adaptive to build on student strengths
- Students see themselves reflected in a diverse cast of characters
- Opportunities for students to embrace and share their cultures in the learning process

WHY EDUCATORS LOVE IT:

- Adapts to educators’ needs and goals
- Designed to complement any core literacy system
- Proven to work in just 60 minutes per week
- Easy to track student growth and deliver intervention

LANGUAGE SUPPORT FOR ALL STUDENTS

Imagine Language & Literacy offers every learner the opportunity to build their language skills hand-in-hand with their literacy skills.

AVAILABLE AUDIO LANGUAGE SUPPORT:

- Arabic
- Cantonese
- French
- Haitian Creole
- Hmong
- Japanese
- Korean
- Mandarin
- Marshallese
- Portuguese
- Russian
- Somali
- Spanish
- Tagalog
- Vietnamese

AVAILABLE PRINT-ONLY LANGUAGE SUPPORT:

- Bengali
- Burmese
- Farsi
- Karen
- Polish
- Swahili
- Urdu

1.35x

Emergent bilingual learners are 1.35 times more likely to meet standards on U.S. schools’ English proficiency assessments.

Grades PreK–8

The Sonday System® from Winsor Learning

Winsor Learning is now part of Imagine Learning. The Sonday System is an Orton-Gillingham-based structured literacy program aligned with the science of reading. It empowers educators to help students of all ages learn to read effectively through a multisensory, systematic, and explicit approach.

Supplemental

Intervention

Language Arts

Grades K–12

Imagine MyPath® Reading Intervention

Personalized learning paths designed for real reading breakthroughs

Imagine MyPath is carefully designed to maximize student learning through personalized learning paths that prioritize the essential reading skills students need for success. As students in grades K–12 move from intervention to supplemental grade-level practice and beyond, Imagine MyPath continues to deliver adaptive lessons propelling them forward.

DEVELOP STRONG, CONFIDENT READERS

- Gradually increases text complexity to move students into grade-level reading
- Direct instruction videos model metacognitive reading strategies in student-friendly language
- Students performing two or more grade levels below expectations receive age-appropriate instruction in phonics, fluency, and vocabulary development

60+ languages supported

Supplemental

SLA

Grades K–5

Imagine Español®

An adaptive Spanish language and literacy solution for early language learners

Imagine Español is a personalized learning program that accelerates Spanish language and literacy development by immersing students in engaging, culturally diverse, and relevant content. Unlock student potential to develop the foundational skills essential to bilingualism, biliteracy, and cultural competency.

The Imagine Español curriculum:

- Celebrates Spanish language and culture
- Offers a culturally relevant and respectful approach to literacy
- Respects and reflects the uniqueness of the Spanish language
- Showcases the rich, colorful cultural heritage of Spanish speakers

Whether used as part of a dual-language, transitional bilingual, or world languages program, Imagine Español inspires breakthroughs for early readers and language learners.

Science, Technology, Engineering, and Mathematics (STEM)

Prepare the next generation of STEM leaders with hands-on, digital-forward learning. Fun and interactive curricula help students learn to code, explore engaging documentaries, and confidently test their knowledge with adaptive gamification.

Core

STEM

Science

Grades PreK–8

Twig Science

twig SCIENCE

Interactive, phenomena-based science education

Twig Science is an interactive, multimedia science program that immerses students in grades PreK–8 in the exciting world of science and natural phenomena. Through print, digital, and hands-on options, Twig Science is flexible and fun, providing teachers with a system of support to bring the wonders of science and the motivation to learn to every student.

CHILDREN ARE BORN INVESTIGATORS

Beyond the STEM roles students take on during the immersive storylines in Twig Science, students encounter hundreds more STEM careers in film and text. Exposure to science and engineering careers inspires and engages students — a great indicator of success at later stages of school, college, and career.

Available in English and Spanish

Supplemental

Science

Grades K–5

Imagine Science Corner™

Spark curiosity and drive understanding

Real-life video lessons, optional Vocabulary Printables, and student-driven Project-Based Learning Investigations are all available in English and Spanish. Create custom learning pathways to meet learning goals or match your core program's scope and sequence.

FLEXIBLE IMPLEMENTATION

Imagine Science Corner was designed to supplement any core science solution, offering additional digital-first opportunities for instruction, practice, and assessment — exposing learners to science phenomena and promoting curiosity. Its engaging video lessons, with an embedded multimedia glossary, help students achieve success with grade-level science standards. Additionally, Imagine Science Corner offers offline resources to support academic vocabulary and to provide student-driven project-based learning opportunities for each grade level.

Available in English and Spanish

Supplemental

STEM

Computer Science

Grades 3–8

Imagine Robotify™

Empower students to learn computer science in a fun, engaging, and accessible way

Imagine Robotify offers a best-in-class, browser-based robotics simulator to empower students in grades 3 and above to learn how to code. Written to meet CSTA standards, the curriculum includes every resource teachers need to run a comprehensive computer science program that's accessible on any device. Perfect for after-school programs or out-of-classroom learning.

CODING THAT STICKS

Students solve real-life challenges in incredible 3D virtual environments and use their new coding and computer science skills to complete various tasks. Performance-based automatic assessments reinforce concepts covered.

EASY AND ACCESSIBLE

Access Imagine Robotify on any device: computers, laptops, tablets, Chromebooks, and even smartphones. It's all in-browser, so no download is ever required, just a simple sign in.

Language support for English, Spanish, French, Japanese, Korean, and Turkish

Gamified, self-paced learning: more than 1,000 coding activities and games

Imagine Math®

Supplemental math practice anytime and anywhere

Imagine anytime, anywhere supplemental math practice that motivates students. Imagine Math combines a rich curriculum with fun, adaptive digital experiences to help students become confident math learners. Personalized learning pathways help drive math breakthroughs for every student.

Ideal as a supplement to standards-based PreK–Geometry core instruction, its two age-appropriate learning environments are designed for student engagement.

GRADES PreK–2:

A storybook setting with a fun group of relatable cartoon character hosts engage young students in exploring real-world math.

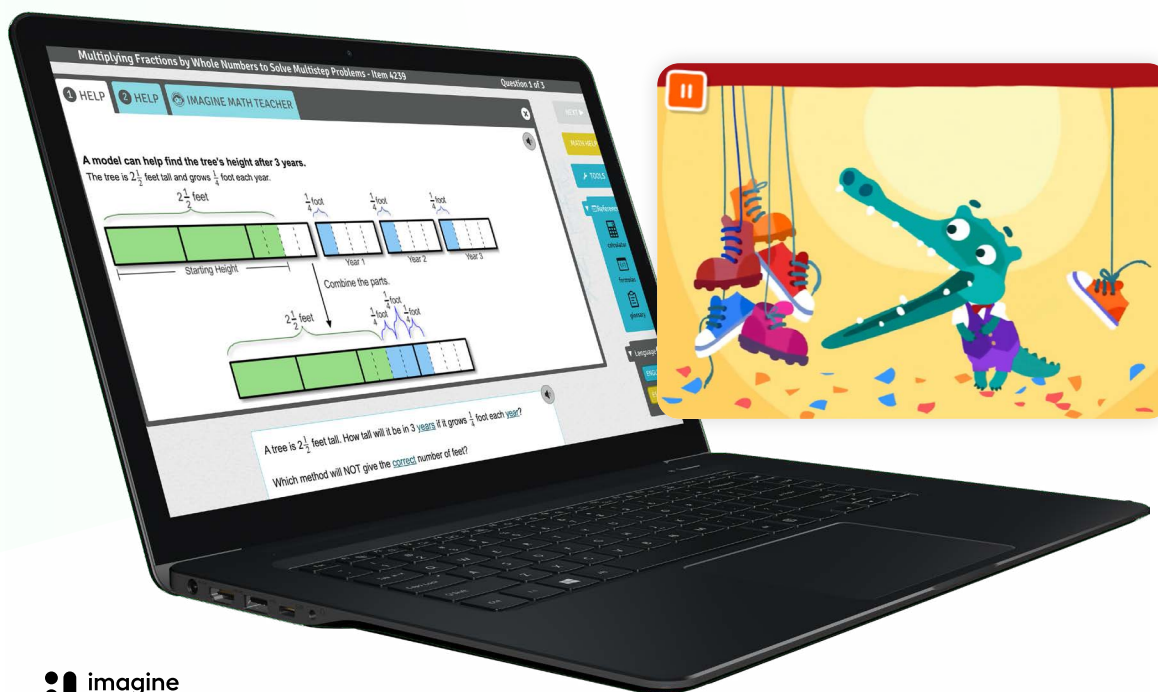

GRADES 3–GEOMETRY:

Students are invited to a meaningful exploration of mathematical understanding. Rigorous, standards-rich content adapts to the unique needs of each learner to develop the conceptual understanding they need to achieve grade-level mastery.

BUILT-IN LANGUAGE SUPPORT

Strategic scaffolding includes first-language support, exemplars, sentence stems, and contextualized vocabulary.

Available in English and Spanish

Supplemental

STEM

Math

Grades 1–5

Imagine Math Facts®

Award-winning adaptive gamification makes math fluency fun and effective

Imagine Math Facts helps students gain automaticity in addition, subtraction, multiplication, and division — all in a gamelike virtual environment. Student-centered design and award-winning gamified learning make fluency practice fast and effective.

Whether implemented alongside a core program or assigned as homework students will:

- Gain a foundation for higher-order thinking
- Build confidence and pre-algebra readiness
- Develop an attitude of success

RECOMMENDED USE:

- 10–15 mins/session
- 3 sessions/week

4–5 hrs

Most students achieve 94% proficiency within 4–5 hours of Imagine Math Fact use.

Supplemental

STEM

Math Intervention

Grades K–12

Imagine MyPath® Math Intervention

Personalized learning paths designed for real math breakthroughs

Imagine MyPath is carefully designed to maximize student learning through personalized learning paths that prioritize the essential math skills students need for success. As students in grades K–12 move from intervention to supplemental grade-level practice and beyond, Imagine MyPath continues to deliver adaptive lessons propelling them forward.

ENSURE EVERY STUDENT IS ALGEBRA-READY

- Prepares students for high-level problem solving by strengthening foundational skills and conceptual understanding
- Efficiently scaffolds students up to grade level by prioritizing domain-specific critical skills based on each student's data

Social and Emotional Learning (SEL)

Imagine vibrant school communities where every student engages authentically with their peers and the world around them. Inspire and engage students as they learn valuable life and social skills.

Supplemental

SEL

Grades K–12

Imagine Purpose™

A complete SEL solution for your students

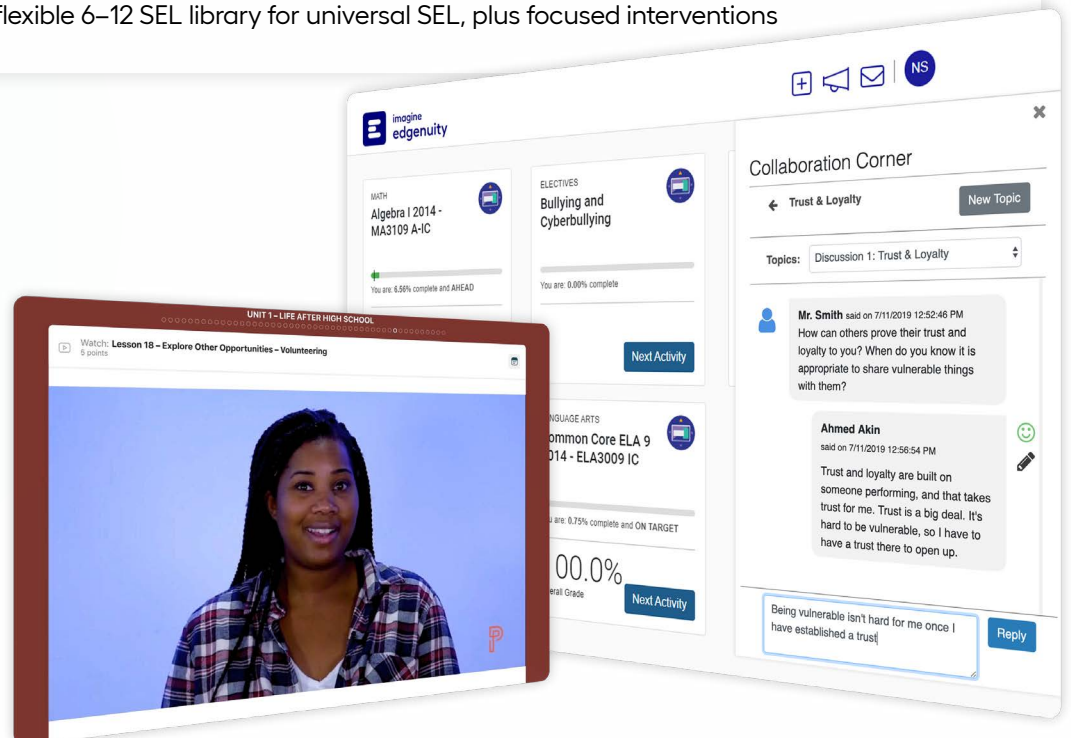

Imagine Purpose is a scaffolded, age-appropriate social and emotional learning (SEL) curriculum designed to equip K–12 students with skills to succeed in the classroom and in life. Access to early, foundational SEL increases educational equity by ensuring that all students are prepared to navigate the challenges and complexities facing today's kids.

START WITH SEL

This social and emotional learning curriculum helps students increase self-confidence, build and maintain healthy relationships, increase academic excellence, improve behavior, and find success both in and out of school.

Imagine Purpose offers:

- Foundational SEL for K–5 in an engaging, media-rich learning experience
- A comprehensive, flexible 6–12 SEL library for universal SEL, plus focused interventions

Independent Courses

Explore a robust suite of core, elective, and advanced courses that students can complete for initial credit and credit recovery. Rigorous curriculum and dynamic, customizable courses adapt to each student's unique learning journey to help maximize their full potential.
